

# JointSeal Round & Rectangular Section Butyl Mastic Strip

<b>Description</b>	UCC JointSeal Round & Rectangular Section Butyl Mastic Strip is designed to provide plasticity and stability for the full service life of the product. It is blended from isobutylene and isoprene polymers with additional tackifying agents and anti-oxidizing agents.
<b>Uses</b>	UCC JointSeal Round & Rectangular Section Butyl Mastic Strip provides assured long-term joint sealing for modular segmented reinforced concrete manhole units.
<b>Features</b>	<ul style="list-style-type: none"> <li>- Retains tackiness even in cold weather conditions</li> <li>- Ready for immediate service, no curing period</li> <li>- Highly conformable and malleable</li> <li>- Fully in conformance with ASTM C990 Flexible Joint Sealants</li> <li>- Adheres intimately to a host of substrates</li> </ul>
<b>Application</b>	<ul style="list-style-type: none"> <li>- Brush down surface to remove dust and other debris which might affect bond.</li> <li>- Prime porous substrates with UCC Protek Butyl (Multi) Primer.</li> <li>- Lay mastic strip on substrate taking care to butt join ends.</li> </ul>

Properties	Test Method	Value
Hardness	00 Durometer	70 Avg
Specific Gravity	N/A	1.1 Avg
Service Life	N/A	30 Years
Application Temperature		-10°C to 50°C
Service Temperature		-10°C to 75°C
Excursion Peak Temperature		80°C

Product Packaging				
Type	Cross-section	Roll Length (m)	Units / Carton	Carton Weight (kg)
Round	17mm dia	3.6	5	7
Round	25mm dia	3.6	5	15
Rectangular	20mm x 15mm	4.4	5	12
